## TAKE TEN BLOCK CHALLENGE

## FABRIC CUTS

FROM EACH 10" SQUARE OF MAIN FABRIC:

- (1) $4.5^{\prime \prime} \times 8.5^{\prime \prime}$
- (8) $2.5^{\prime \prime} \times 2.5^{\prime \prime}$

Keep fabric cuts in sets

FROM BACKGROUND YARDAGE (2 1/4 YARDS):

- Cut (21) strips $2.5^{\prime \prime} \times$ WOF, sub-cut to (336) $2.5^{\prime \prime} \times 2.5^{\prime \prime}$ pieces.
- Cut (6) strips $4.5^{\prime \prime} \times$ WOF, sub-cut into (84) $4.5^{\prime \prime} \times 2.5^{\prime \prime}$ pieces.

1. On the wrong side of $2.5^{\prime \prime} \times 2.5^{\prime \prime}$ background squares, mark along diagonal. From each main fabric set, place (4) $2.5^{\prime \prime}$ squares RST with marked background squares, and sew along the marked line. Trim, and press seam open.

2. From each fabric set, sew marked background squares to corners of $4.5^{\prime \prime} \times 8.5^{\prime \prime}$ pieces, opposite corners at a time. Trim, and press seams open. Repeat for remaining corners.

3. From the remaining $2.5^{\prime \prime}$ main fabric squares, mark wrong side along the diagonal. Make flying geese units, sewing squares to $2.5^{\prime \prime} \times 4.5^{\prime \prime}$ background fabric. Trim and press seams open.

4. Sew HSTs to opposite sides of flying geese units, and press toward HSTs. Sew flying geese strips to sides of $4.5^{\prime \prime} \times 8.5^{\prime \prime}$ units, and press toward center unit. Block should measure $8.5^{\prime \prime} \times 8.5^{\prime \prime}$, and finish at $8^{\prime \prime} \times 8^{\prime \prime}$.

5. Sew blocks together into 7 rows, with 6 blocks in each row. Press seams open. Sew rows together and press seams open.

Quilt should measure $48.5^{\prime \prime} \times 56.5^{\prime \prime}$
