1. Once main fabrics are all cut, mix the fabrics so each set has a different 5" square than the remaining print.

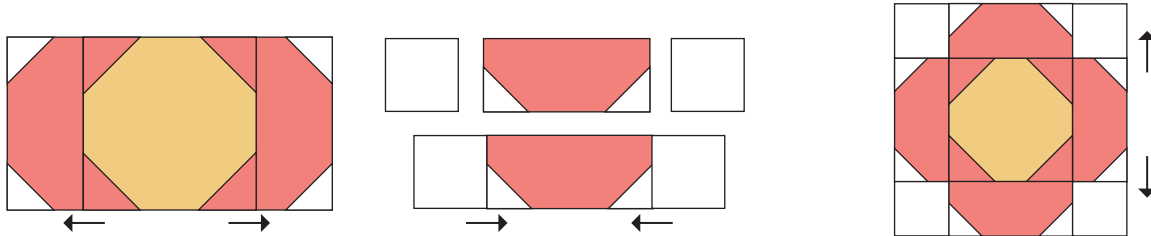

2. On the wrong side of the 1 3/4" print squares, mark along the diagonal. Place RST on the corners of 5" square and sew a scant seam along the marked line. Trim 1/4" from the seam, and press toward the corner fabric.

3. On the wrong side of the 1.25" background squares, mark along the diagonal. Place RST on adjacent long corners of 2 1/2" x 5" pieces and sew a scant seam along the marked line. Trim 1/4" from the seam, and press toward the print fabric. Repeat for all 2 1/2" x 5" pieces to make the petals.

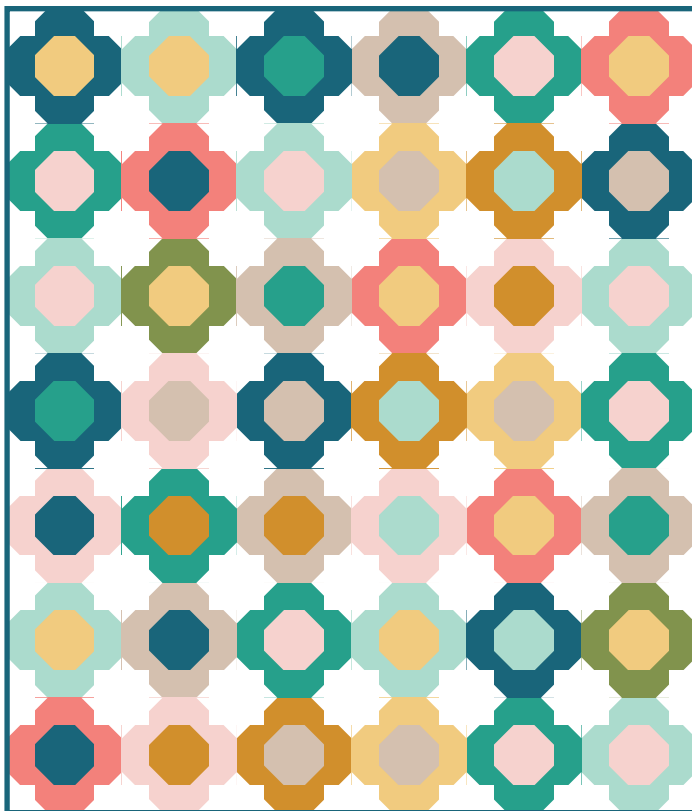

4. Sew two petals to each center square unit, and press toward petals. Sew 2.5" background squares to both sides of remaining petal pieces, and press toward petal pieces. Sew these to the top and bottom of center unit, and press toward top and bottom. Block will measure 9" x 9".

6. Arrange blocks into 7 rows, 6 blocks in each row. Sew into rows and press seams open. Sew rows together and press seams open.

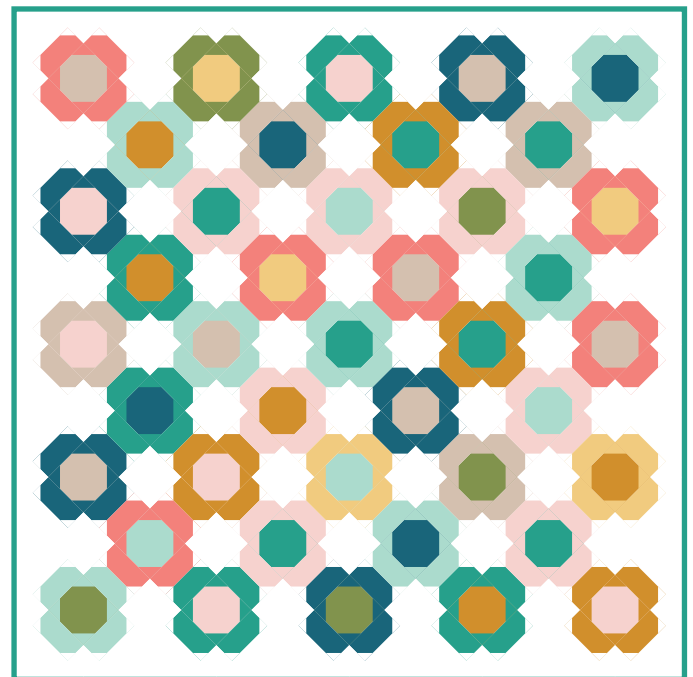

OPTIONAL: cut 12 5/8" squares along both diagonals to make side triangles, and 6 5/8" squares along one diagonal for corner triangles. Arrange blocks on point (one block will be a leftover) and fill in sides with appropriate background pieces. Sew into rows, and finish with corner pieces.
